COLUMBUS DAY PARADE EXCELLENT

Paris High School Stages An Excellent Historical Parade

WAS OF UNUSUAL INTEREST

In spite of delays and the chilly weather which prevailed Wednesday morning one of the most successful and most unusual parades ever given in the history of Paris, was staged by the pupils of the Paris City Schools in honor of the Columbus Day anniversary. The parade was in charge of Miss Reba Lockhart, Director of Department of History in the Paris High School, with the cooperation of the literary and historical clubs of the city. The parade formed at the P. H. S. and traversed the principal streets of the city, disbanding again at the school. Portions of Main street were slightly, owing to the street work on side streets intersecting.

Two hundred and forty pupils of the P. H. S. represented the progress of history through the ages, emphasizing the effect of the discovery of the New World by Columbus. Father Time, impersonated by Reid Bishop, led the parade, followed by the band and the Grand Marshal impersonated by Robert Meglone. The floats and paraders came in the following order: Cave men; Orientals; Lalla Rhook; Solomon and His Wives; Darius, King of the Persians, preceded by royal riders; Greek goddesses and runners; Vestal Virgins, Emperor Tiberius, Romulus and Remus; Elaine, King Arthur; Abelard; Eloise; Joan of Arc; Cardinal of Rome; Columbus at the Court of Ferdinand and Isabella; The Santa Marie; Court of Henry VII; Queen Elizabeth and Courtiers; John Alden and Priscilla; Pocahontas; Colonial children; Birth of the Flag; Columbia girls; Doughboys; Irish Gentleman of the Old School, which closed the parade.

Three prizes were offered, five dollars for the best individual portrayal of a historical character, won by Paul Jones and Mary G. Williams, members of the Junior Class, offered by Mrs. E. F. Clay, the second, offered by Prof. Lee Kirkpatrick, for the best float, won by "The Birth of the Flag," pictured by Ruby Hall, Elizabeth Wheeler, Amanda Collins and Mary Francis Kiser. The third prize was awarded to the "Cave Men," for the most vigorous presentation. The judges were Mrs. Thos. H. Clay, Jr., Mrs. Allene Prichard, Mr. Clarence Colliver Dawes and Rev. W. S. Cain.

Lack of space forbids mention of all the noteworthy features of the displays, all of which were excellent.

VISITORS ARE HIGHLY PLEASED WITH BLUEGRASS TRAIL

The Appalachia Journal, published at Knoxville, Tenn., had the following report from the delegates to the Dixie Highway Convention in Cincinnati, concerning the Blue Grass Trail:

"There is some road that is neither rough nor good between Mt. Vernon and Berea, and from there on into Lexington is good, and the newly specified second Dixie Highway link into Cincinnati, via Paris and Falmouth, is good practically all the way, and where not good is to be immediately improved.

"On the way to Cincinnati, all points along the Falmouth route were decorated for the occasion. Paris intended to have a reception, but as cars went striding through, this was impossible. Falmouth was also alive to the occasion, distributing literature boosting their town. All in all, the event was a great success, especially in heralding to the world that the eastern link of the Dixie Highway is the best route for tourists going South to Florida this fall."

NOTES OF BASEBALLDOM

In spite of the chilly weather a large crowd gathered at the Second street ball park Tuesday afternoon to see the "Leans" and "Fats" give an exhibition of high-class baseball. And they saw it, all right, according to opinions expressed by many of the spectators after the game. The game was fast and furious, even for players who tipped the beam at something over the two hundred mark, and every play was closely contested. The game was not won until the last inning, when Matt Lair, of the "Leans," made a sensational finish at home plate with the winning run for the "Leans." The final score stood 25 to 24, being the highest score made this season on the local grounds. The batteries were: Peed, Santen and Douglas for the "Leans," Tate, Skillman and McCray for the "Fats." The entire proceeds were donated to the Massie Memorial Hospital fund. The game was featured by long distance hitting and frequent trips around the circuit by the players.

Interesting Three-Days Meeting Closed Last Night

MEMBERS TO VISIT XALAPA

The one hundred and twentieth annual session of the Synod of the Presbyterian Church of Kentucky, convened at the Presbyterian church in this city, at 7:30 o'clock, Tuesday night, with about one hundred and fifty delegates present. The large auditorium of the church was filled to overflowing with an interested audience. The initial session was called to order by the retiring Moderator, Rev. Thos. B. Talbott, formerly of Paris, now residing in Lexington. The invocation was delivered by Rev. Dr. E. M. Green, of Danville, the oldest living moderator and the oldest minister in the Synod in point of service.

The opening sermon was delivered by Rev. S. B. Lander, of Richmond, who took for his subject, "The Eagle's Nest." Following the sermon E. M. Dickson delivered the address of welcome on behalf of the city of Paris; Rev. W. E. Ellis, pastor of the Paris Christian church, on behalf of the Ministers' Association of Paris, and M. Peale Collier, on behalf of the Paris Commercial Club. Moderator Talbott responded to the welcome address. A pleasing feature was the musical program, beginning with an organ prelude by Miss Elizabeth Crutcher, organist, and a select program by the church quartette, Mrs. Macie White, Fithian, Miss Flora Hill, Capt. Harbeson and Charles B. Mitchell.

The business part of the program was taken up at the close of the devotional exercises. Rev. G. L. Telford, of Richmond, was elected Moderator for the ensuing term. Rev. C. N. Howerton, of Catlettsburg, was elected reading clerk. Rev. I. C. Hunt, of Chattanooga, Tenn., former pastor of the church at Covington, presented the Moderator with a gavel cut from a rhododendron bush on Lookout Mountain.

Wednesday's sessions opened with the devotional exercises conducted by Rev. Cary R. Blain, of Paducah, followed by reading of the minutes; communication; announcement of standing committees; records of the different Presbyteries; report of the Commission on Education, which included discussion by Rev. W. A. Ganfield, of Danville, and others; report of the Committee on Synod's Home Missions; discussions of leave of absence; report of Committee on Leave of Absence, on Sunday School work; conference on Sunday School work, and addresses by Revs. Thos. B. Talbott, W. A. Hopkins and W. T. McElroy. The afternoon session was devoted to reports of different committees, an address by Rev. H. R. Murphy, vice-president of the C. E.; reading of the Assembly minutes. The evening session embraced a conference on Christian Education, with addresses by Revs. Henry V. Sweets, and John Vander Muhlen. The evening program was in charge of Rev. Dr. R. T. Gillispie.

Yesterday's program was as follows: 7:30 a. m.—Devotions, led by Dr. J. V. Logan; reading of minutes; reports of committees on orphanages, schools and colleges, narratives, publicity, reports of Trustees and Treasurer of the Synod. 11:00 a. m.—Sermon by Rev. Dr. D. Clay Lilly; Sacrament of the Lord's Supper; recess; 1:30 p. m.—Conference on Laymen's Work, led by Mr. Henry R. Turner; reports, unfinished business; standing committees in order; fixing next place of meeting; new business. Recess. Last night brought to a close one of the most interesting meetings of the Synod in many years. The sermon for the evening service was delivered by Rev. Dr. R. L. Telford, of Richmond, a speaker of great power. A special musical program was rendered by the church choir.

At eleven o'clock the Synod's Communion Service was held. Dr. D. Clay Lilly will preach the sermon. A very impressive service was held.

ALLEGED 'SHINERS' HELD FOR A HEARING

B. McFeeney and Cray Wagoner, young white men arrested Monday by Sheriff W. G. McClintock and Deputy Sheriff Robt. M. Gilkey on a charge of operating an illicit liquor still, were brought before County Judge George Batterton, for a hearing.

Their bond were placed at \$500 each. Failing to secure bondmen they were remanded to the county jail to await examining trial. The men when arrested, were carrying wood to a complete "still" on the Joe Redmon farm, near Paris, ready to convert four barrels of "mash" into moonshine. The furnace under the "still" had been installed in a vacant house and connected with a big iron kettle sunk in the ground some distance away. While the officers secured no liquor in the raid, the "still" and a large quantity of "mash" were brought to the Sheriff's office.

McFeena and Wagoner were brought into County Court, Wednesday and formally arraigned on the charge. After hearing the evidence Judge George Batterton held them in \$500 bond each to appear before the grand jury at the November term of Bourbon Circuit Court.

FATAL ACCIDENT NEAR LAIR

Gasoline Motor Car Turns Over At Sharp Curve

ONE MAN DIES OF INJURIES

Daniel Boone Owens, twenty-eight, a resident of Manchester, Ky., died at the Massie Memorial Hospital, in this city, Wednesday afternoon from the effects of injuries received Wednesday morning on the Louisville & Nashville railroad, at a point near Lair, in Harrison county. S. H. Johnson, who was with him at the time sustained cuts, bruises and shock, and was sent to his home at Lair, after receiving treatment at the hospital.

Owens and Johnson were on a gasoline motor car belonging to the signal repair department of the L. & N., and driven by Chester Lee, of Paris, a member of the signal department. Mr. Lee escaped injury in the accident. Mr. Lee says the accident was clearly unavoidable. They were on their way to Cynthia on business when at a point near Lair at a sharp curve the machine, in some way, became unbalanced, throwing the men off, the car being derailed. When Owens fell the machine passed over his body and was derailed. The injured men were brought to Paris on a southbound L. & N. train which passed soon after the accident, and taken to the Massie Memorial Hospital, where an examination showed Owens' skull had been fractured. Owens and Johnson were railroad laborers and made their home with the former's brother, W. M. Owens, at Lair.

Owens' body was sent to his brother's home at Lair late Wednesday afternoon, and was sent yesterday to his old home in Manchester for burial. He is survived by his widow, Mrs. Myrtle Gregory Owens, his parents, Mr. and Mrs. Joseph Owens, one sister, Miss Ollie Owens, and eight brothers, all of Clay county.

Lowest Prices
Ever Quoted

on Titan and
International Tractors

The Harvester Company has made another big price cut on Titan and International Tractors. This reduction wipes out all former advances and puts these tractors at the lowest prices at which they have ever been sold. We are offering:

International 8-16, \$900

This price is about one-fourth less than that of March 1, 1921. The new price includes all necessary equipment—platform, fenders, governor, belt pulley—which cost extra on some tractors.

Titan 10-20, \$900

This is the lowest price ever quoted on the Titan, considering equipment included (formerly sold extra). At this price the Titan 3-plow tractor is the best value in the farm power field.

International 15-30, \$1,750

This also is lower than any former price. You cannot find a better 4-plow tractor for the money.

All prices are f. o. b. Chicago. The Harvester Company advises us these prices are made regardless of manufacturing costs and that they do not guarantee to maintain them. These prices certainly justify the immediate purchase of a tractor.

We can arrange suitable terms for you. Come in and see us.

STAND BY THE LAW

There are too many laws, of course. Many of them are unnecessary, some are vexatious and some are even vicious.

But it is the duty of every good citizen to obey the law so long as it is on the statute books. There is no other safe course.

It is perfectly proper to insist that a law is wrong, and to work for its repeal, but it is never safe to violate any law.

When we begin to violate one law, we create disrespect for all other laws, and when our laws fall into disrepute our civilization ends.

Ours is a government of law. We cannot have government without laws. Without this, life and property are not safe.

It is therefore the duty of every citizen to obey the law himself and to insist upon obedience to the law by all others.

A good citizen will not only obey the law himself but he will assist in the enforcement of the law upon and for others.

Escape the "Stout" Class
An attractive figure is not a matter of size but of correct proportions. The stout women who are never spoken of as "stout" are those who give a little time and thought to proper corseting.

Rengo Belt Reducing Corsets give the wearer an appearance of slenderness. The exclusive Rengo Belt feature gives strength and support where the greatest strain falls—over the abdomen and hips. They have the reputation of being "the most economical reducing corsets ever devised."

EDITORIAL FLINGS

"The melancholy days have come,
The saddest of the year;
A little too warm for whisky,
A little too cold for beer."

You old-timers of Paris, do you remember this little poem which the late lamented John Wesley Hite used to ornament the head of the True Kentuckian's local column just about this time of the year?

Movie stars who assert that their "parties" are no worse than those of the "smart set" in society may be conservative, but such testimony if accepted as true is lamentably weak as a defense.

A certain young Paris man says his mother can always find out what his father did when he stayed out until three a. m. She lets him tell all the things he did and then she knows all the things he was afraid to mention.

You must know where you are going. An ignorant person has no business to have self-reliance, as it must be well-founded; there must be a solid basis for it. To be self-reliant will avail you nothing if you are incompetent.

Of course, there are some things here in Paris that might be improved, and they sometimes cause us to be vexed, but when we think of the many hundreds who have never had the pleasure of seeing Paris, one of the best cities in the Bluegrass, and who have not had the chance to enjoy the luxuries of life here, we feel consoled.

These days it's a cinch to get out thinking. Newspapers, the movies, churches, magazines, public speakers. Almost every way you turn there is some one waiting to relieve you of the labor of thinking and present you with a well, ready-made opinion. Don't take it.

A Paris merchant claims that automobiles kill one-half more persons in a year than the total number of casualties in all industries, including railroads. The low score in Paris (Ky.) is accounted for by the fact that pedestrians are gradually learning to throw a wicked leap, and thus disappoint the auto driver when he thinks he is within easy striking distance of his prey.

MOTHER! MOVE CHILD'S BOWELS WITH CALIFORNIA FIG SYRUP

Hurry mother! Even a sick child loves the "fruity" taste of "California Fig Syrup" and it never fails to open the bowels. A teaspoonful to-day may prevent a sick child to-morrow. If constipated, bilious, feverish, fretful, has cold, colic, or if stomach is sour, tongue coated, breath bad, remember a good clanging of the little bowels is often all that is necessary.

Ask your druggist for genuine "California Fig Syrup" which has direction for babies and children of all ages printed on bottle. Mother! You must say "California" or you may get an imitation fig syrup.

ANNUAL CONFEDERATE REUNION AT CHATTANOOGA

The United Confederate Veterans' reunion will convene at Chattanooga, Tenn., on Tuesday, October 25, for a three-days' meeting, and elaborate plans for the entertainment of the old soldiers are now being arranged. Friends of the Confederate Veterans are hopeful that a large number of the old soldiers from Bourbon county can attend the reunion at Chattanooga, as every possible care for their comfort and well being is being arranged for. It is possible that this may be the last reunion of the old soldiers and a large attendance is anticipated at the Chattanooga reunion.

THIS WOMAN'S EXPERIENCE

Brings a Ray of Hope to Childless Women

Lowell, Mass.—"I had anemia from the time I was sixteen years old and was very irregular.

If I did any house-cleaning or washing I would faint and have to be put to bed, my husband thinking every minute was my last. After reading your text-book for women I took Lydia E. Pinkham's Vegetable Compound and used the Sanative Wash, and have never felt better than I have the last two years. I can work, eat, sleep, and feel as strong as can be. Doctors told me I could never have children—I was too weak—but after taking Vegetable Compound it strengthened me so I gave birth to an eight pound boy. I was well all the time, did all my work up to the last day, and had a natural birth. Everybody who knew me was surprised, and when they ask me what made me strong I tell them with great pleasure, 'I took Lydia E. Pinkham's Vegetable Compound and never felt better in my life.' Use this testimonial at any time."—Mrs. ELIZABETH SMART, 142 W. Sixth St., Lowell, Mass. This experience of Mrs. Smart is surely a strong recommendation for Lydia E. Pinkham's Vegetable Compound. It is only one of a great many similar cases.

Bamboo Serves All Purposes.

The first thing a farmer does in China is to plant round three sides at least of the site of his house a bamboo fence or grove, the second to cut it down gradually, and therefrom make every conceivable thing he may want, from the house itself down to his fan, opium-pipe and chopsticks.

The printers said they needed just one more paragraph to fill out the column, and this is it.

HAVE COLOR IN CHEEKS

Be Better Looking—Take Olive Tablets

If your skin is yellow—complexion pallid—tongue coated—appetite poor—you have a bad taste in your mouth—a lazy, no-good feeling—you should take Olive Tablets.

Dr. Edwards' Olive Tablets—a substitute for calomel—were prepared by Dr. Edwards after 17 years of study.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color.

To have a clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days you must get at the cause.

Dr. Edwards' Olive Tablets act on the liver and bowels like calomel—yet have no dangerous after effects. They start the bile and overcome constipation. Take one or two nightly and note the pleasing results. Millions of boxes are sold annually at 15c and 30c.

NOTES OF THE GRIDIRON FIELD

The scene of the Lexington Model High School's football game with the Millersburg Military Institute team, scheduled to be played this (Friday) afternoon on Stoll Field, in Lexington, has been changed to Millersburg. The change was made on account of the secret practice of the Wildcats in preparation for their battle with the Vanderbilt University team, as the High School was unable to obtain use of the Stoll Field this afternoon.

Coaches Sheffield and Ward are looking for a hard game this afternoon, when the black-and-orange team of the Paris High School will be sent against the heavy Pineville mountaineers. The Paris team has finished the easy end of its schedule, and from now on it will meet some of Kentucky's best teams. Pineville comes to the Bluegrass with a great following, as the best football team in Eastern Kentucky. Paris is so far undefeated, and will enter to-day's game with the Paris spirit running. The third team will play a Lexington school team before the big game.

Spectators are kindly requested to keep five feet back of the white line. It will help the Paris team for you to keep back of the white line. Please park your cars fifty feet back of the playing line. You may prevent an accident by doing this.

ANCIENT BRAIN TWISTER IN ARITHMETIC OF 1817

The Harrodsburg Herald tells of an ancient leather-bound arithmetic, published in 1817 by John Lyle, of Paris, Ky., which was brought into their office by B. F. Pollard, of Harrodsburg. The volume has in front recommendations from the foremost men of the State, including Gov. Christopher Greenup, President James Moore, of Transylvania University, and Secretary of State Harry Toulman. In those days school children used to sing their arithmetic problems and many in the book are written in rhyme. Some occupation for the long winter nights is provided in the following, which the Herald reproduces as an example of how much more easily the little folk of those days could learn to sing the "sum" than to solve it:

A landed man two daughters had
And they were very fair,
To each he gave a piece of land,
One round the other square.
Twenty shillings to an acre
Each piece its value had,
The money that did compass each
For it exactly paid.
If 'cross a shilling be an inch
(As it is very near)
Which had the better fortune?
She
That had the round or square?
The number also is required
Of acres each one owned.
And now, sir, you are desired
To make those numbers known.

MASSIE MEMORIAL HOSPITAL UNDERGOING IMPROVEMENTS

The Massie Memorial Hospital, one of the best institutions of its kind in the State, has been undergoing extensive repairs, which have now been completed, making it one of the best-equipped of any in Central Kentucky.

Included in the scheme of improvements the institution has been painted inside and out and all interior work varnished. The operating room has been thoroughly overhauled and placed in the best possible sanitary conditions; the Nurses' Home has been placed in fine order; all plumbing given a thorough inspection and going over and needed alterations and additions made; furnace overhauled, in fact, everything that was needed has been done to place the Hospital in readiness for the winter and for better service. Landscape gardeners are to be put to work beautifying the lot adjoining the Hospital, so that surroundings will be all right.

The people of Paris could do no better deed than to leave in their will a provision for some portion of their estate to be left to the upkeep of the Massie Memorial Hospital. This will be a worthy heritage and will keep your memory green for all time.

HOOSIER KITCHEN CABINETS

At Greatly Reduced Prices

HOOSIER
SAVES MILES OF STEPS

\$44

\$44

For many years HOOSIER Kitchen Cabinets have been sold at certain, stipulated prices, fixed by the factory. These prices have been remarkably low, and it has been impossible for any dealer to offer the HOOSIER at a discount.

But right now we are able to offer you the one opportunity of a lifetime—genuine HOOSIER cabinets at greatly reduced prices.

This is because the factory has consented to a sale of such discontinued patterns and display models as are now on our hands.

The minute the last of our present supply of these particular models is exhausted, regular prices will prevail. Consequently it will pay you to come in at once and make your selection. Every cabinet in this sale is a genuine HOOSIER and in every way is backed by the guarantee of the HOOSIER Manufacturing Co.

More HOOSIERS have been sold than any other make of kitchen cabinet. As a matter of fact, more HOOSIERS have been sold than any other kitchen device. The HOOSIER is today acknowledged as America's Favorite Kitchen Device.

Both by means of tests in Domestic Science Laboratories, and in actual use, it has been demonstrated over and over again that the HOOSIER will save more steps, work, and worry than any other kitchen device. With a HOOSIER in your home you will get through with your kitchen work in half the usual time. And you will feel fresher and happier at the end of the day.

By all means, get your HOOSIER while this money-saving offer lasts. We cannot prophesy how long it will take to close out all of these discontinued patterns at our present special reduced prices. But they are selling very rapidly. If you are wise you will not delay.

THE LYCEUM COURSE

The Paris High School is giving to the city this year one of the very best courses on the Lyceum circuit. The school has been fortunate for several years in obtaining a good Lyceum course, but this one is the best of all. There are to be ten numbers, each of which will present great artists. These courses are of great educational value and mean much to small towns where high-class entertainments are rarely available. The Lyceum course will undoubtedly furnish the most talented of America's musicians, readers and lecturers. The productions will be both modern and classic. Such a course is not only educational, but is also inspirational. The date of the first number is October 29, in the School auditorium.

SWIFT & CO'S WEEKLY PRODUCE MARKET REVIEW

Less cream came to the creameries during this week than was received a week ago, and paying prices are generally higher for butterfat. Consumption continues on a liberal scale.

Fresh eggs are in light supply and bring good prices, but inferior qualities and held stock are pressing for sale.

Markets on live poultry are ruling lower, and this condition is reflected by paying prices in the producing territory. All reports indicate that there is a large crop of poultry to be marketed and prices are lower than last year.

TELLS INTERESTING STORY REGARDING EX-CONFEDERATE

A writer in the Cynthiana Democrat tells a very interesting story of an incident in the soldier's career of Maj. John B. Holladay, of Paris, father of Bruce Holladay, Miss Marye Holladay and Mrs. Charles G. Daugherty, all of Paris. Maj. Holladay was for two terms Sheriff of Bourbon county and was known as a fearless and thoroughly competent official. The story follows:

"Sunday, the writer was entertained by a Confederate soldier, talked nearly all day about the last cause. What pleased me most was the sacrifice some privates made for their officers; on the other hand how the officers loved their men. On one occasion Major John Buck Holladay, of Bourbon county, gave two of his old guards passes to be gone three hours from camp. At the guard line they were halted by the officer of the day, Capt. — (I will not call his name) and were taken to the guard house. They sent for their major to get them out. Major Holladay went to the guard house and wanted to know why his men were prisoners. The captain told him it was not any of his business. Major Holladay was unarmed and the captain had two large Colts revolvers in his belt. The major told him those men were his boys and gentlemen to the core, but stood in awe of the captain's epaulets. "But I don't," said the major, "we will throw our epaulets aside, hand me one of your guns and we will settle as gentlemen should." The captain showed the yellow dog and Major Holladay took the boys to quarters."

Millions of mothers keep "California Fig Syrup" handy. They know a teaspoonful to-day saves a sick child to-morrow. Ask your druggist for genuine "California Fig Syrup," which has directions for babies and children of all ages printed on bottle. Mother! THOROUGHBRED INTERESTS ATTACKED

Helm Bruce, Former Attorney for St. Louis Bucket Shop Syndicate Seeks to Destroy Racing.

REPEAL OF THE PRESENT LAW MEANS THE RETURN OF THE BANISHED BOOK MAKERS TO KENTUCKY

The Kentucky Jockey Club Pays Over \$300,000 Yearly In Taxes Into the State Treasury.

(The Thoroughbred Record.)

Kentucky is the home of the thoroughbred. It is the nursery of the finest breed of horses the world has produced. An infusion of thoroughbred blood enriches every other strain and gives quality, speed and courage to the colder breeds. Hundreds of thousands of acres are devoted to the raising of thoroughbreds in this State, and millions of dollars are invested in the industry.

At the coming session of the Legislature an organized effort will be made to destroy the thoroughbred interest, lay waste the fertile pastures, now valued at from \$500 to \$1,000 an acre, upon which they graze and reduce the peerless Man O'War, for whom \$500,000 has been refused, to the worth of a plow horse.

Under the old book-making system which Mr. Bruce sought to perpetuate for his clients, the State did not receive a dollar; under the present law the Kentucky Jockey Club pays yearly into the State Treasury over \$300,000. If Mr. Bruce succeeds in destroying the thoroughbred interest this immense sum will be entirely lost to the State and the book-makers will return to prey on the public.

The leader of this destructive crusade, falsely put forth as a moral issue, is Helm Bruce, a Louisville lawyer, who, nursing a personal grievance, and in grateful remembrance of his former track clients, Cella, Tilles and Adler, the St. Louis bucket shop gamblers, seeks to prohibit all racing in Kentucky. When the Racing Commission was created by an act of the Legislature and the turf in this State was taken out of the hands of the book-makers who had dishonored a royal sport, Helm Bruce, took a fee from this syndicate of bucket shop owners and sought to have the law declared unconstitutional. He was defeated in his selfish purpose and now that the scandal breeding book-maker has been driven out, and the turf is prospering under the pari-mutuel system, with the leading horsemen of Kentucky, selected by the Governor, giving their time to the enforcement of the law, Mr. Bruce seeks to destroy the entire turf structure and carry with it the whole thoroughbred interests of Kentucky.

Desha Breckenridge, editor of the Lexington Herald, has defended racing, as now conducted under the State Commission, and in a series of frank and forceful editorials he has exposed the inconsistency of Helm Bruce, once an attorney for the book-makers, and now advocating the destruction of the pari-mutuel which would open the way for the return of Mr. Bruce's former clients to Kentucky.

Mr. Bruce pleads ignorance of the character of his clients or their selfish interest in the following statement to Mr. Breckenridge:

"A number of statements are made as to my knowing that certain alleged conditions, in connection with racing, formerly existed, such as that race tracks were controlled by bookmakers, and that bookmakers retained twenty to thirty per cent and that all sorts of rascalties were committed under this system. The fact is I know none of these things."

It is said that I know that Cella, Tilles and Adler, of St. Louis, owned Latonia and Douglas Park, and it is said they ran bucket shops and race tracks in various sections of the country. I recall that Cella had an interest in the Douglas Park Jockey Club, whether or not the other persons mentioned had any interest in it or not, I do not know; and whether or not they ran bucket shops in other parts of the country, I do not know. It is said that I know these things because I was an attorney in a suit instituted against the State Racing Commission seeking to have the act creating that Commission declared unconstitutional. It is entirely true that I was an attorney for the Douglas Park Jockey Club in a suit brought to test the constitutionality of that act, but it is not at all true that I learned in that case, or otherwise, any of the facts stated in the editorial as to gambling conditions on the race tracks."

Mr. Breckenridge makes the following reply:

"Mr. Bruce knew that Cella, Tilles and Adler, who ran bucketshops and race tracks in various sections of the country, controlled Latonia and Douglas Park; that there was a syndicate book on all the tracks controlled by them; that racing in Kentucky was in a deplorable condition; that the meetings were long, and under the syndicate system of bookmaking every sort of rascality was committed."

Mr. Bruce states: "I know none of these things."

"We avow that all statements made by us are true; that all intelligent men connected with racing or interested in racing know them to be true; that the facts were published in the daily newspapers, and that in the discussion in regard to the enactment of the bill creating the State Racing Commission were alleged and not denied. But we accept at its face value Mr. Bruce's statement: 'I know none of these things.'"

"Mr. Bruce does recall that Cella had an interest in the Douglas Park Jockey Club. It is interesting to know that this much of what was general knowledge percolated through the atmosphere of sweet innocence that surrounded Mr. Bruce. If he had then had the slightest interest in the preservation of racing, either as a sport or as an aid to the breeding of horses or as a destructive agency of all that is good and noble, it seems to our mundane intelligence he would have informed himself as to the controlling factors in racing and certainly as to the personnel of his clients."

It has been a long time since the State Racing Commission was created and the effort made by the owners of Douglas Park and Latonia—Cella, Tilles and Adler—to have that act declared unconstitutional. Mr. Bruce makes a plausible statement of the basis of that suit, but a statement that is but opinion is entirely misleading."

power, which was never done before its creation.

Mr. Bruce may not know it, but we believe it to be a fact that the chief reason his known client, Cella and his actual clients, Cella's associates, wanted the act declared unconstitutional was that it made possible the destruction of their syndicate book.

We do not say that Mr. Bruce knows it, because after his statement we fear to state that he knows even the most widely known fact, but according to the grand jury of Jefferson County it is a fact "that a vast number of handbooks are being operated in the city of Louisville."

We have not heard of any movement by Mr. Bruce to stop these hand books.

If Mr. Bruce had succeeded in the suit to declare unconstitutional the act creating the State Racing Commission there would be books on the race tracks as well as handbooks in the city. The law now prohibits handbooks in the city. But they exist in the city of Louisville. Yet Mr. Bruce starts a campaign against "legalized betting" and so far as we know takes no action against the illegal betting that is, in our opinion, infinitely the greater evil, which is rampant in his own home town.

In the communication published this morning, Mr. Bruce says:

"I have never pretended to make any accurate statement of what are the total profits of the Jockey Club, because I do not know them."

In a statement by him sent through the Associated Press from Louisville September 17, he says:

"A legalized giant monopoly enjoying the gambling privileges realizes a profit of two or three million of dollars a year out of this demoralizing vice."

Again we apologize for having stated in a previous editorial that Mr. Bruce knows this statement is inaccurate. But we avow that it is inaccurate and utterly misleading and known to be inaccurate by every man and woman who has even cursory information in regard to the purses and stakes given by the Jockey Club, the expenses incident to the conduct of racing and the taxes paid by the Jockey Club.

Mr. Bruce closes his communication with this statement:

"Pari-mutuel betting on the race tracks may be a safer form of betting than bookmaking—safer for the gambler—but I am not interested in protecting the gambler."

Who is it Mr. Bruce is interested in protecting? As a lawyer he was interested in forwarding the interests of Cella, Tilles and Adler, who, though of course he never knew it, conducted bucket-shops and syndicate books. The present movement fathered by him will inure to the benefit of the bookmaker and handbook men, though equally of course he does not know this. As proven by the result in New York, the success of the movement he advocates will lead to a form of gambling that is most pernicious and as a rule crooked.

As revealed by the report of the grand jury in Louisville, the handbooks flourish even in the rarified atmosphere that surrounds Mr. Bruce.

Not interested in protecting the gambler? Of course not. Not interested in the personnel of his clients who employed his services to destroy the State Racing Commission so that they might run race tracks in Kentucky as they ran them in Missouri—solely for the benefit of the syndicate book? Not interested in protecting the breeding interests? What is Mr. Bruce's real interest?

His letter reveals, according to his own statements, that Mr. Bruce has never been interested enough to ascertain even the most widely known facts in regard to racing and that he knows no more about it now than he knew when he was the attorney for Douglas Park and the bucket-shop-bookmaking aggregation that owned it.

Why is Mr. Bruce giving his time and his high ability and great reputation and his money to this fight to have repealed the provision in the Kentucky statutes that was passed April 8th, 1893, years before he appeared as the attorney for the Douglas Park Jockey Club? He did not then attempt to have that section of the statutes repealed. The act creating the State Racing Commission was passed in 1906. The provision under which pari-mutuels are permitted was passed in 1893, thirteen years before that. During those years the bookmakers operated as unmolested on the race tracks as they now operate in Louisville and will again operate on the race tracks if Mr. Bruce succeeds in his present efforts.

Every man familiar with racing knows that racing has been cleaner and on a higher plane; that the stakes and purses are four or five hundred per cent greater since the bookmakers were driven from the tracks. But Mr. Bruce "is not interested in protecting the gamblers" nor the horsemen nor the breeders nor the financial interests of the State, nor in driving out the handbooks in Louisville.

"Said commission shall have the power to prescribe the rules, regulations and conditions under which running races shall be conducted in this State."

Under that provision the State Racing Commission has the power to prohibit bookmaking on the tracks and it has exercised and enforced that

West Virginian Couldn't Get In

Comfortable Position, But Is

All Right Now

"I certainly was in a bad fix when I began taking Tanlac, but I feel like a different man now," said C. M. Reed, 2633 First avenue, Huntington, W. Va.

"For five years I had dyspepsia and indigestion so bad I dreaded for mealtime to come around. At times I couldn't retain anything on my stomach and often had awful cramps, and I lost my appetite altogether. My back got so stiff from rheumatism I couldn't bend over, and finally it got so bad I couldn't get in a comfortable position in bed and sat propped up in a chair for weeks."

"After taking a few doses of Tanlac I began to feel hungry at mealtime. I have a big appetite now and never feel the slightest distress after eating. My back is limbered up and I haven't an ache or a pain and I feel better and stronger than I have in years. I had no idea a medicine could do what Tanlac has already done for me, and I'm glad to pass the good word along so that others may know where to get relief."

Tanlac and Tanlac Vegetable Pills are sold by all leading drug stores. (adv)

Do You Look Forward To a Good Night's Rest?

Do you regularly anticipate a refreshing sleep? Or do you dread going to bed, only to stare, sleepless, at the walls? The difference between sleeping and staring is simply a matter of nerves.

When your nervous system is in a sound condition, you are certain to sleep well. But when your nerves are worn out and beyond your control, your rest is broken and your awakening leaves you languid and irritable.

Doctors know that much of the nerve disorders result from tea and coffee drinking. The drugs in these drinks over-stimulate, often causing the serious ills which result from disturbing the regular bodily functions. It is for your health's sake that many doctors now say you should quit tea

and coffee. Drink Postum, the delicious meal-time beverage instead! In flavor it is much like coffee.

Postum is fundamentally a nerve strengthener because it lets you get sound, restful sleep. Postum is a skillfully-made cereal beverage, and the secret of its popularity is its protection to health and its delicious flavor.

Ask your grocer for Postum. Drink this hot, refreshing beverage in place of tea or coffee for 10 days and see what a wonderful difference it will make in the way you feel.

Postum comes in two forms: Instant Postum (in tins) made instantly in the cup by the addition of boiling water. Postum Cereal (in packages of larger bulk, for those who prefer to make the drink while the meal is being prepared) made by boiling for 20 minutes.

AMERICA FEEDS RUSSIA

America this winter will feed and clothe hundreds of thousands of Russian bolsheviks and keep them from starving or freezing to death. Russia has had just as good crop seasons as America, but America has not been undergoing the torments of a revolution led by wild or corrupt fanatics.

America has not been trying to

put crazy economic theories into practice.

America has been working, and has food for herself and to spare.

Some things need adjusting in this country, to be sure, but we have not yet deemed it wise to burn the barn down in order to kill the rats. The Russians should think about these things while they are eating our bread this winter.

Among the day's pathetic figures is the youngster who, as the school year draws to a close, seeks a diplomatic way of informing the old gent that he failed to pass.

BANAHAN—KELLER

—A pretty ceremony marked the wedding Wednesday of Miss Nell Banahan and Mr. Leo Keller, at St. Peter's Catholic church, in Lexington, at 6:45 o'clock, Rev. Father O. L. Poole officiating. The church was beautifully decorated with palms and ferns and lighted with cathedral candles. The bride, a daughter of Mr. and Mrs. James Banahan, entered with her father. The matron of honor was the bride's sister, Mrs. Charles A. Matlack. Mr. John R. Roche, of Paris, was Mr. Keller's best man.

After the ceremony a wedding breakfast was given at the home of the bride's parents. Following a wedding trip to Chicago, Mr. and Mrs. Keller will make their home at 221 South Limestone street, Lexington.

Mrs. Keller is a charming and popular young woman. Mr. Keller is a former resident of Paris, where he was a member of the clerical force in the L. & N. offices, and is at present connected with the S. A. Glass wholesale grocery in Lexington. He is a son of Mrs. Ed. C. Keller, formerly of Paris.

SHARP—DAVIS

—The Maysville Bulletin of Tuesday contained the following announcement which will be somewhat in the nature of a surprise to most of the prospective groom's friends in Paris:

"Mr. H. C. Sharp announces the engagement of his daughter, Miss Martha Green, to Mr. Joseph William Davis, Jr., of Paris. The wedding will take place within the next few months."

Mr. Davis is one of the most popular young business men in Paris, being resident manager of the White Front Garage, on Main, between Seventh and Eighth. He is the youngest son of Mr. and Mrs. Jos. W. Davis, and a brother of J. Withers Davis, John F. Davis, and Mrs. Katherine Davis Craig, all of Paris. His fiancée is one of Maysville's handsomest and most cultured young women, with personal charms and graces of character that have made her a social favorite here and elsewhere. She is a daughter of Mr. Hamlet C. Sharp, formerly of Paris, her mother having been a Bourbon county woman, of lovely character, before her marriage being Miss Belle Green. THE NEWS extends heartiest congratulations in advance of the happy event.

AUTO LANDS ON FENCE

City and county authorities, as well as garage men, are endeavoring to locate the owner of a Ford touring car bearing an Alabama license tag No. 49671. Early passers-by coming to Paris on the Maysville pike from Millersburg found the car almost demolished thrown across the top of a rock fence four miles below Paris. The car had evidently turned turtle at a point where there was a steep embankment, and had landed on top of the fence.

The regulation license tags had been removed, and in their places were crudely painted tags bearing the number 49671, and Alabama. No trace could be found of the occupants and nothing to indicate they had been injured. The police have a theory the car was a stolen one, the license tags having been removed and the fake tags substituted.

Alabama authorities were communicated with, as well as the State automobile department at Frankfort, in an effort to ascertain if such a car belonging in Alabama, but nothing definite has been learned yet.

REAL ESTATE TRANSACTIONS

The frame cottage at the corner of Eighth street and Walker avenue, owned by M. J. Lavin, which was withdrawn from public sale some days ago, has been purchased at private sale by L. D. Mr. Lavin recently bought the two-story brick residence at the corner of High and Ninth streets, formerly the home of Mrs. Nannie Wilson, and expects to move to the property in a short time. It was stated that Mr. Harris bought the Lavin home for investment purposes.

A. S. A. Wilson purchased this week of J. H. Smith the frame cottage on Fifteenth street, adjoining the home of Mrs. Walter Clark, at a price not reported for publication. As soon as possession is given Mr. and Mrs. Wilson will move to the Smith property. Mr. and Mrs. I. F. McPheters will occupy the apartments to be vacated by Mr. and Mrs. Wilson.
